

JEE-O 365 all weather - frost free

Article code: 001-0365
 Supplycable: 3 x 0,75mm², cable-length approx. 4m with standard European moulded plug, capacity 22W/m at 230V a.c.
 Power consumption: 0.15kWh
 Build-in Thermostat with auto-switch on/off at 3°C.
 Guaranteed frost-free at temp. as low as minus 30°C.
 For connection-details see model-specific technical specifications.

Note: The 365 technology protects the internal shower control mechanism and flexible hoses against freezing. After using the shower, a slim film of water may collect in the showerhead. This residual water remains subject to frost. We advise using the in-tube showerhead to minimize the chance of freezing. Empty the showerhead after use, by using the included showerhead key or tilt the showerhead so that water purges from it.
